ANNOTATSIYA

Maqolada pleonazm hodisasi va uning fe'l nisbatlari yasalishidagi o'rni haqida umumiy fikrlar yuritiladi. Shuningdek, biz bugun pleonastik qo'llanish deb hisoblaydigan fe'lning nisbat shakllari qo'llanishi, aslida, haqiqatga qanchalik yaqinligi haqida mavjud qoidalarga tayangan holda mustaqil xulosalar chiqarildi.

Kalit so'zlar: Tilshunoslik, pleonazm, sinonim, fe'l, orttirma nisbat, birgalik nisbat.

ABSTRACT

The article provides an overview of the phenomenon of pleonasm and its role in the formation of verb ratios. Independent conclusions have also been drawn based on existing rules about how close the use of relative forms of the verb, which we consider to be a pleonastic use today, is, in fact.

Keywords: Linguistics, pleonasm, synonym, verb, accusative, compound.
