

KIMYODAN MASALA YECHISH MASHG‘ULOTLARIGA KYES TEXNOLOGIYALARINI QO‘LLANILISHI

Farxod Xabibullayevich Buriyev

Toshkent viloyati Chirchiq davlat pedagogika instituti

ANNOTATSIYA

Ushbu maqolada kimyoy fanidan masalalar yechish amaliy mashg‘ulotlarida keys-stadi texnologiyalari elementlaridan foydalangan holda, vaziyat, muammo, vazifa, muammoni keltirib chiqargan sabablar va muammoni yechimini ochib berish ketma-ketligida ko‘rsatib berilgan. Bunda axborot – kommunikatsion texnologiyalardan (AKT) foydalangan holda mashg‘ulot olib borishni afzalliklari ham keltirilgan.

Kalit so‘zlar: keys-stadi, vaziyat, muammo, vazifa, AKT, massa ulush.

APPLICATION OF CASE TECHNOLOGIES IN SOLVING CHEMICAL PROBLEMS

ABSTRACT

This article describes the situation, problem, task, causes of the problem and the sequence of problem solving using elements of kyes-tadi technology in practical exercises for solving problems in chemistry. It also describes the benefits of using information and communication technologies (ICT).

Keywords: kyes-stage, situation, problem, task, ICT, mass fraction
