### ANNOTATSIYA

Ushbu maqolada marjumak (*Fugarium*) o‘simligining biologik tasnifi kelib chiqishi yer yuzasida navlarining tarqalishi donli ekinlar qatorida qishloq xo‘jaligida tutgan o‘rni tarkibidagi makro va mikro elementlarning inson salomatligidagi ahamiyati shuningdek oziq-ovqat sanoatida tutgan o‘rni keltirib o‘tilgan.

**Kalit so‘zlar:** bo‘lim, urug‘, oila, fugarium, lizin, metionin, riboflavik kislota, malein, menolenik, oksalat.

### BIOLOGICAL CHARACTERISTICS OF MARJUMAK (*FAGOPYRUM*) PLANT

#### ABSTRACT

This article discusses the biological classification of the fugarium plant, the role of macro and micro elements in human health, as well as its role in the food industry.

**Keywords:** division, seed, family, fugarium, lysine, methionine, riboflavic acid, malein, menolenic, oxalate.
