### ANNOTATSIYA

Maqolada elektrotexnika fanini o‘qitishda zamonaviy raqamli innovatsion interaktiv “Multisim” dasturidan foydalanib ta’limni tashkil usuli bayon etilgan. Ilmiy tadqiqot ishlariga talabalarni qiziqtirish bo‘yicha ma’lumotlar keltirilgan.

**Kalit so‘zlar:** zamonaviy axborot texnologiyalari, pedagogika, innovatsion texnologiya, multisim dasturi.

## APPLICATION OF INNOVATIVE TECHNOLOGIES IN TEACHING ELECTRICAL ENGINEERING

### ABSTRACT

The article describes the methods of organizing education in the teaching of electrical engineering using modern digital innovative interactive “Multisim” program. Information on students' interest in research work is provided.

**Keywords:** modern information technologies, pedagogy, innovative technologies, multisim program.
