ABSTRACT

It is vital that, there are various methods of teaching English. When teaching a foreign language, it is necessary to pay attention to new ways of stimulating students' speech. However, numerous classical schools still attempt to utilize old methods and old books. At the same time, there will always be problems, and language learners do not satisfy both quality of lessons as well as their results. This paper purposes to discuss some interesting and instructional methods to influence on learners language development.

Keywords: method, the English language, training, teacher.
