ANNOTATSIYA

Bu maqola yurtimizda yoshlar uchun innovatsion ta'lim yaratishda muhim ahamiyatga ega bo'lgan TIMSS test dasturi haqida. Unda bu tadqiqotning O'zbekiston Respublikasi ta'lim sohasiga kirib kelishining sabablari aytilgan. Bu tadqiqot 2023- yilga mo'ljallangan. Bizning davlatimiz bu loyihada 1-marta ishtirok etadi. Shu sababli unga alohida ishtiyoq bilan tayyorgarlik ko'rish zarur. Chunki rivojlangan davlatlar aynan xalqaro tadqiqotlarda yuqori ko'rsatkichga ega bo'lishadi. Biz ham Koreya Respublikasi o'qitish tizimidan zamonaviy tizim sifatida foydalanyapmiz. Ishonamanki, barcha xalqaro tadqiqotlarda o'zimizning yuqori natijamizga erishishimiz kerak.

Kalit so'zlar: tadqiqot, matematika va tabiiy fanlar, IEA rahbariyati.

ABSTRACT

This article is about the importance of TIMSS testing system in the innovational education. The reason of intending to this test in the educational sector of the Republic of Uzbekistan. It is targetted for 2023 year. Our country will attend to this test for the first time. So that, we should prepare hardly for this system. Because the developed countries have great indicators on the international projects. We also use the education system of the Republic of Korean as a modern system. Surely, we should achieve best results on international projects.

Keywords : project, mathematic and natural sciences, the leadership of IEA.
