Ushbu maqolada Ogahiy tarixiy asarlaridagi umumeroniy qatlamga oid o‘zlashmalar tadqiq va tahlil qilingan. Ularning tarqalish areali aniqlashtirilgan hamda ma’no taraqqiyoti, fonetik o‘zgarishlari o‘rganilgan. Umumeroniy o‘zlashmalar qaysi davrda o‘zlashgani, qanday so‘zlarning yasalishiga asos bo‘lgani ilmiy dalillar orqali isbotlangan.

Kalit so‘zlar: o‘zlashma, umumeroniy qatlam, tarixiy asar, substrat qatlam, o‘z qatlam, genetik tahlil, tarkibiy tahlil.

ABSTRACT

This article examines and analyzes the common Iranian layer of Agahi's historical works. Their range has been determined, and semantic development and phonetic changes have been studied. It has been scientifically proven that in all periods, common Iranian layers were mastered and that words were the basis for their formation.

Keywords: borrowing, common Iranian layer, historical work, substrate layer, own layer, genetic analysis, structural analysis.
