### ANNOTATSIYA

Mamlakatimizning jahon iqtisodiy hamjamiyatidagi o'rni va xalqimiz farovonligini yuksaltirishda erkin iqtisodiy zonalar faoliyatiga ko'proq e'tibor qaratish maqsadga muvofiqdir. Hozirgi kunda kichik biznesni rivojlantirish va uni davlat tomonidan qo'llab-quvvatlashning samarali yo'llaridan biri bo'lib kichik sanoat zonalari hisoblanadi. Kichik sanoat zonalari – bu tadbirkorlik subyektlarini joylashtirishga mo'ljallangan, muhandislik-kommunikatsiya va infratuzilma obyektlarini, ma'lum yer maydoni yoki ishlab chiqarish maydonini o'z ichiga oluvchi hudud. Kichik sanoat zonalari ular joylashgan hududlarni rivojlantirishga katta imkoniyatlar yaratadi.

**Kalit so'zlar:** Erkin iqtisodiy zona, kichik biznes va xususiy tadbirkorlik, kichik sanoat zonasi, texnopark, turizm, biznes, klaster

### PROSPECTS FOR THE DEVELOPMENT OF SMALL INDUSTRIAL ZONES IN UZBEKISTAN

#### ABSTRACT

It is necessary to pay more attention to the role of our country in the world economic community and the activities of free economic zones in improving the well-being of our people. Today, one of the most effective ways to develop small business its support from the state are small industrial zones. Small industrial zones are zones intended for the placement of business entities, including engineering, communication and infrastructure facilities, and production areas. Small industrial zones create great opportunities for the development of the zone in which they are located.

**Keywords:** Free economic zone, small business and entrepreneurship, small industrial zone, technopark, tourism, business, cluster.
